Forsyth Barr Commentary

On Script: AFT Pharmaceuticals (AFT) remains firmly in the Fast Follower category this year. It is still in the relatively early stages of its C&ESG journey, and the lack of a broad set of data is negatively affecting its score. Social is AFT's best section (A- grade) but it has slipped this year because of the change in our methodology. AFT is a laggard relative to the market in its Carbon and Environmental practices, but we do note that it has implemented a new emissions reduction plan.
